ICAI CERTIFIED COPPER PURITY

AN ISO 9001:2008
CERTIFIED COMPANY

ABOUT WONDER FLEX CABLES (P) LTD.

WONDERFLEX Wires & Cables, having a background of over a decades, has acquired the reputation of being the fastest growing company in the cable industry. The company is leading in the industry with constant innovation and upholding high standards of quality and services. The company constantly boosts client satisfaction by providing competitive prices, constant quality controls and reputable and timely delivery.

WONDERFLEX Wires & Cables specializes in manufacturing wire and cable. It is re-known for its unique product range across India which includes Electrical building wiring (house wiring), Single-core/multi-core industrial cables, 3 core PVC Insulated Flat Cable, 3 Core XLPE Insulated Flat Cable and CC TV Cables ,Dish Co-axial cables and others accessories.

WONDERFLEX Wires & Cables derives its strength from the fact that despite modest beginnings with Wires, Cables, it boasts yearly earnings of million dollars. The latter's increase is a pre-requisite to the upswing of the company and client satisfaction which has and is the prime objective at Wonder Wires & Cables. Also, client satisfaction and solid adherence to the excellent management system add to the effectiveness of service and product delivery, which has made Wonder Wires & Cables a distinguished business establishment.

WONDERFLEX Wires & Cables meets the requisite quality certifications together with adherence to the standard management system further strengthening the consumers trust and benchmarking the company as a reputed wire and cable manufacturer in India. We are in adherence of all the required certifications, to serve you better being our aim.

MISSION & VISION.

WONDERFLEX Wires& Cables envisions acquiring an identity as the best cables and wires manufacturers in India along with a strong global presence. Wonder Flex Wires & Cables has always strived to offer finest quality products to the Marketplace on time.

In order to achieve this, WONDERFLEX Wires & Cables has set up manufacturing facilities located in Vadodara Gujarat India, where it's products have been engineered to endure harshest of environments like the crushing, high pressure of the sea or sweltering heat or cold of arid lands. Aside from advanced technology at these two units, their ideas contribute to positively power lives daily.

Our vision at WONDERFLEX Wires & Cables would be to inspire people to innovate constantly and provide increased value to each of our customers, which sets out on an ambitious undertaking of achieving a sale of crores in the coming decade.

We have revamped our new design and we've got a brand new promise that truly brings to life WONDERFLEX Wires& Cables branding in consumers' minds - 'Transferring Power'. This is not just a statement but is a manifestation of how we connect to our customers for now and forever.

RESERARCH & DEVELOPMENT.

At WONDERFLEX Wires & Cables company, innovation is a constant process and our research in cooperation with a group of highly skilled professionals we're breaking down barriers which have controlled inventions to be a struggle.

Thanks to a close knit staff with exceptional skills and expertise that commission research and deploy the best technologies, we are able to develop unrivalled and innovative products that are safer and more dependable for our customers.

COMMITMENT.

We will show commitment by focusing on company objectives and the requirements of our clients. We honor and recognize people for each of their attempts and participation. We take complete possession of consequences and at the same time we trust and enable our people to deliver benefits. A young and energetic work environment, full of innovation and ideas which lead or contribute to strong relationships with mutual respect.

It's the unconditional support of all our customers and sales partners who have made this journey so fruitful and fulfilling. Thanks to all of them, we have left no stone unturned to make this journey a cherished and exciting one, during a decades.

As we gear up for the future, sectors driving requirement for wires and cables are slated to grow fast, we have established our well-recognized marketplace presence with a strong product portfolio.

We have also streamlined our efficient manufacturing capabilities to withstand the winds of change. But, we're aware that we will have to be even more proactive, agile and client centric.

Our flexibility and openness to new market trends and changing technology are our driving force. The core values of teamwork, trust amongst people and customer focus have given us a unique status in the Indian business. We would attempt to get the entire ecosystem set for the same and get going.

PHILOSOPHY.

WONDERFLEX Wires & Cables core philosophy is to become a Secure & Sustainable Company, with safety performance that improves consistently, aiming the final aim of zero incidents. The provider's leadership position is due to a steady management plan, which is further surrounded by product development, product diversity, geographical reach and product integration.

We are committed to providing value-added and personalized solutions against the specific customer needs, which play an essential role in our success. We collaborate carefully to evolve & develop products that are in accord with the changing requirements.
